Christmas Price List 2017

At Priors Hall Farm we recommend when sizing up your joint you should aim for 250g of raw boneless meat per person or 500g of bone in meat.

You may wish to increase this if you are looking for the meat to cater for more than one sitting.

Priors Hall would advise you to consult chef's recipe instructions regarding cooking times. Pop up timers for meats are available on request in the shop.

Crackling preparation...pour boiling water over the skin, pat dry, and cover with salt, rub in.....cook.

Ham and Gammon...what's what!

We consider gammon to be a cured raw product, which when cooked then becomes a ham, this you would cook yourself.

Ham is a gammon already cooked and ready to eat. We supply both for your preference.
